SUN BEAMS

by WALTER M. BARRETT

Efforts of members of the Truckee Fire Department to procure a respirator, a valuable life-saving apparatus, used in scores of emergencies, should find unanimous support of all local organizations and individuals. The life-giving device costs considerable —nearly $500— but when the monetary cost is compared with the potential benefits, it seems trivial. The saving of one life would far overshadow the price of procuring the apparatus. There is no certainty that the necessary funds can be raised, but the firmen and others sponsoring the plan will exert every effort and earnestly solicit the aid of everyone. The tragedy last Thursday brought the need for the device close to home. While it is quite possible the death of the two in Boca reservoir could not have been avoided, there is a thought that at least one may have been saved. Reno firemen risked their lives in a 19-minute dash to the scene of the accident but their efforts were unavailing. It is impossible to determine if a life could have been saved had the pulmotor been received sooner, but there is always the chance that it could and we believe that this chance is well worth the investment.

It is gratifying to receive letters from friends and supporters of Assemblyman "Scoop" Thurman, asking us to continue our efforts in his behalf. While we do not need this encouragement to again strongly endorse Thurman as a candidate for re-election, it is pleasant to know that the valuable work he has done during his incumbency has been noted even outside his district. We here in this immediate region have followed Thurman's activities closely. We know he had done a thorough job even though he was serving his initial term. We are certain that when re-elected, he will continue in his untiring efforts to foster good legislation and keep a sharp watch on those issues which damage local or state governments. Never has Thurman been called upon to assist in local issues without bending every effort to conform with the desire of the electorate. He has fought against terrific odds at times, but has stood steadfast in his convictions, if those convictions had the support of his constituents. We can show our appreciation and confidence at the right time and we know our confidence will be justified.

It may not be a good subject to bring up at this time, but we are wondering what action is being taken on an adequate winter sports program. With the days already getting shorter and summer ambling along speedily, we hate to appear pessimistic, but we believe some action should be forthcoming if we propose to do anything at all about the winter sports.

Wouldn't it be a splendid solution to a grave problem if we could turn our panhandlers into street cleaners? We appreciate that that is virtually impossible, but you must agree it offers food for thought. There is one drawback and that is that the majority of beggars are not inclined to do such menial work.

The tragedy at Boca reservoir last Thursday came as a distinct shock to the community. Two pleasure-seeking people lost their lives in one tragic minute. Their deaths may serve as a warning to others who frequent the local lakes and a thought should be carried that only experienced swimmers, who know the water well, should venture forth beyond safety. Andrew Finnegan unselfishly gave his life in a vain attempt to rescue his 7-year-old relative and his death will be remembered as the act of a hero. But, unless heed is taken by those who remember, then his death will have been in vain. The community extends deepest sympathy to the surviving families.

LOCAL MEN ON PACK TRIP TO HELL HOLE

Bert Weeden, Ed Waters and Clair Goode left Tuesday for Diamond Lake and Hell Hole country where fishing is reported tops. It is one of several trips being arranged by Goode who recently opened a riding stable in Truckee where he caters to sportsmen desiring outing trips into the back country. All arrangements are made by Goode, who promises to take his patrons to where outdoor sports are at their best. The party plans to return Friday.

From San Francisco—

Mr. and Mrs. Jack Titus and son of San Francisco are visiting at the home of the former's parents, Mr. and Mrs. Frank Titus, this week.

Caretaker At Cedars Kills Self At Home

Victim was Widely Known in Ths District Where He Visited

Herbert O. (Slim) Bradley, 38, who, according to officers, died from self-inflicted gun wounds at The Cedars, nine miles south of Soda Springs where he wa semployed as caretaker, was widely known in Truckee. He visited here a week ago Wednesday, settled all his local accounts and returned home, apparently in good spirits, friends said. Thursday night his body was found with a bullet hole through the head.

The deceased was one of the men who gained prominence last January in the search for Frans Wiessing, 23, San Francisco, who became lost in the Sierra wilds near The Cedars while on a solo skiing trip. Wiessing's body was found several hours after he froze to death, after wandering in the snow for three days.

It was learned that Bradley retired early Thursday night and soon afterward Mrs. Bradley heard the sound of a shot. The county coroner of Placer County said when she hurried into the bedroom she found her husband dead or dying from a bullet wound in his head. Bradley apparently had given no intimation of his intention.

He leaves a mother in Duluth, Minn., beside his wife.

SHATTUCK BUILDING ANOTHER THEATER

Verne C. Shattuck, manager of the Donner Theater in Truckee, said this week that the foundation is completed on the fourth of his chain of theaters in the Sierra Theater Circuit. Contractor Norman R. Mayfield of Tahoe City is erecting a $25,000 show house for the local man at Downieville which will be opened this summer if present plans are carried through.

Shattuck also has theaters at Kings Beach and Loyalton. All houses in the circuit are new structures and contain latest type equipment.

REBEKAH INDUCTS OFFICERS THIS WEEK

Officers of Naomi Rebekah Lodge No. 2 was installed at the regular meeting held Wednesday, July 10. Eliza Campbell, district deputy president, was aided by Henrietta Eaton as grand marshall and Gertrude Smith, grand warden; Mary Wilson, past noble grand; Leona Cartwright, noble grand; Laura Smith, vice grand; Eliza Campbell, right support; Emma Powell, left support; Veronica Foster, warden; Gertrude Smith, conductor; Hannah Stewart, chaplain; Lotta Bryant, musician; Mary Wilson, inside guardian, were the officers installed. Other officers will be inducted later.

Mary Wilson was presented with the past officers jewel and refreshments were served at the close of the ceremonies.

SEAWELL RETURNING FROM CONVENTION

State Senator Jerrold Seawell, who has been attending the Republican National Convention in Philadelphia, writes that he is en route home after an interesting and educational trip and meeting. The senator has planned a brief visit in Boston and will return home about July 20, coming by way of Canada.

Seawell is the only candidate to the office he now holds in the state legislature.

RETURNS FROM SOUTH

Dr. William D. Teeple, who recently installed his dental offices in the Telephone Building, has returned from San Diego, bringing his wife and mother, who will make their home here. Dr. Teeple has disposed of his holding in the southern part of the state and plans to make this his future home. All members of the family are delighted with the country and are high in praise of their new home.

N. Y. A. TO ASSIST UNEMPLOYED YOUTH OF TRUCKEE REGION

District Ranger H. I. Snider has received notice from the National Youth Administration for California, that they will start an employment project in Truckee for any youth standing in need of employment, male or female, between the ages of 18 and 25, being a citizen of the United States and willing to take an oath of allegiance to the same. Vocational interests are considered when being employed by this agency.

There will be a representative of the NYA at the local Forest Service office at 1 P. M., Friday, July 26, to interview applicants who wish to be employed and applicants are invited to be present at that time.

The Forest Service will sponsor all clerical or other work possible to promote this employment.

Applicants approved for employment will work a total of 60 hours a month and will receive a minimum salary of $18.

LIONS HEAR SPEAKERS AT WEEKLY MEETING

Members of Truckee Lions club last night were privileged to have 2 interesting speakers as guests. C. B. Cross, manager of the Truckee-Tahoe Lumber company and a lieutenant in the National Guard, gave an instructive talk on war-time mobilization and the many intricate details which could be operated in event this country was called upon to arm. Without disclosing any secret plans, Cross gave assurance that within a comparative short time this nation could be amply prepared, in-so-far as man power is concerned to be well defended in time of emergency.

Rudy Albrecht, YMCA executive of Marysville, told of the recently completed camp in Bear Valley, near Spaulding, and invited the Truckee boys as well as the men to take advantage of the location and facilities provided by a group of Marysville men. Albrecht urged increased attendance to boys' work in the community, citing the importance of this work in the nation today.

Other guests included Dr. W. D. Teeple, Truckee's new dentist, who spoke briefly and expressed his approval of his new home. Robert T. Corey of Colinga, Albert Angus of Arvin and Bert Daniels of Arcadia.

President Bill Englehart, Jr., presided for the first time.

BRIDE-ELECT FETED BY FRIENDS HERE

Miss Anne Giovannoni, who is to marry Arthur Kehm on Sunday, July 14, was feted at a miscellaneous shower given June 25 at the Donner Hotel by Mrs. Helen Bowers and Misses Bruna Esola and Tina Gini. Twenty friends of the bride-elect were present and enjoyed the evening which closed with the serving of refreshments.

TRAIL MARKER TO WORK THIS YEAR

P. M. Waddell, law instructor of San Jose high school and a student of early California history, arrived in Truckee this week for his annual trek over the Donner Trail.

Waddell plans to mark the trail from Truckee, east to Prosser Creek, heretofore unmarked. Frank S. Powell of Truckee has assisted him in the work in years past.

Waddell became interested in the history of the Donner Party in 1924. That summer he started reestablishing the trail, and blazed trees and set up signs along the route the ill fated expedition followed.

During the succeeding years he blazed and marked fifteen miles from Alder Creek Valley, site of the Donner cabin, to the summit of the Sierra.

Forty-two members of the ox wagon party, headed by George Donner, perished in deserts and mountains in the winter of 1846-47 while en route to California on the overland trail from Missouri. Eighty-five men, women and children started on the journey.

Mr. and Mrs. Chris Bielach of Sacramento, former local people, accompanied by Mr. and Mrs. Anderson of Seattle, were visiting in Truckee and Reno last week.

Many Boats Entered In Regatta At Lake Tahoe Over Weekend

Good Marks are Set by Large Entry of Speedy Craft

TAHOE CITY, July 11— The official results of the Annual Power Boat Regatta of the Tahoe Yacht Club which was run off over the Tahoe Tavern course are as follows:

In the 100 horsepower class, Elsie B II, owned by Carl Bechdolt, first; No. 48, Alan Lisser, owner, second; winning time 9:15.1. In 165 horsepower class, H. J. Kaiser's Junior III, first; Wheezealong, W. S. Towne, owner, second; Mary Elizabeth III, owned by Earl O. Schnetz, third; winner's time 7:34. In 225 h. p. class Kanigo Too (C. E. Townsend), first; T. E. A., owned by T. E. Anderson, second; 8:14.2 was the winning time. Five-lap free-for-all won by Stanley Dollar's, Jr.,Baby Skip Along, in 9:07; Kaiser's Hornet II, second; Lou Fageol's So Long II, third; Ranjac III, owned by R. C. Walker, fourth. In the 300 h. p. class Dollar's Baby Skip Along placed first with Walker's Ranjac III :01.3 seconds behind; the winning time was 6:36.1. Wheezealong placed first in the bang-and-go-back race, with Junior III and T. E. A. finishing in that order. A team made up of T. E. Anderson, W. S. Towne and E. L. Oliver won the relay race; the white team, composed of Carl Bechdolt, Henry Kaiser and R. C. Walker, second and the green team of Lisser, Kendrick and Metcalf, third. Junior III came through again in the handicap in 10:01.1, with Frank Fuller's Waterwagon second and T. E. A. in third position.

Fine weather, large entry list and crowds added to the day of enjoyment which was unmarred by accidents of any kind. Lou Fageol did not have his fastest boat entered and Frank Fuller, of the Flying Fullers, had a boat entered for the first time in a Tahoe regatta.

Exhibitions of water skiing between races were given by Billy Bechdolt and Strand Mikkelsen.

The Dollar boat is a special built racing model while Kaiser's Hornet is an aluminum decked hyrdoplane with a 600 horse power motor.

Among new contenders were a 300 h. p. Gar Wood, Ranjac III, owend by Com. Randolph Walker; a 150 h.p. Gar Wood owned by Earl Schnetz of Sacramento; a 160 h. p. Chris Craft, owned by Hall C. Ross and a 135 h.p. Chris Craft owned by Spencer Grant.

The California Inboard Association members who officiated at the regatta were A. J. McGrete, official measurer; E. A. McLean, referee; Rae R. Smith, scorer and starting clocker; Gordon Graham, sect'y-treas. All these officails are members of Region 11, American Power Boat Association.

Originally the championship race circled the lake, stopping at many of the major resorts.

THREE FIRES FOUGHT BY FOREST SERVICE

Careless smokers were responsible for three small fires during the past week in the Truckee district of the Tahoe National Forest.

On Friday someone dropped a cigarette or match in the pine needles about 100 feet west of the highway leading to Tahoe about five miles south of Truckee.

Tuesday night a similar smoker fire was reported by the Emigrant Trail Camp in a pitch stump near the highway, two miles west of here.

Wednesday afternoon Southern Pacific workers found a fire burning near the railroad along Cold Stream southwest of town, which was supposed to have been started by a foot traveler. The railroaders made an attempt to fight the fire and then called the local forest service crew.

All three of the fires were put out by the Forest Service protection crew before any damage occurred.

Mrs. Jennie Moore and Mr. and Mrs. D. W. Bowen entertained a number of members of the Order of Eastern Star at the home of Mrs. Moore Sunday. A delicious picnic supper was served following which bingo was played. All guests received gifts.

TRUCKEE FIREMEN PLAN TO PURCHASE LIFE SAVING DEVICE

Following a meeting of the fire department at the Donner Hotel on Tuesday evening, L. C. Curtis of San Francisco explained a new type respirator which the department is considering adding to their equipment as a first aid measure. A number of local men were in attendance aside from the department members to hear the talk and discuss the feasibility of purchasing the apparatus which sells for about $500.

Dr. Arthur Holstien of the Boca CCC and former New York life guard, spoke on the devise and explained its many uses. Frank W Gaiennie was appointed to head a committee to determine the possibility of securing aid in making the purchase.

Chief Smith of the Redding Fire Department was a visitor at the meeting at which Chief N. F. Dolley presided.

LEGION INSTALLS AT MEETING ON TUESDAY

New officers of Truckee Post No 439, American Legion, were installed at a meeting held Tuesday evening with Past Commander James McIver Jr., officiating as the installing officer. Henry Loehr was seated as the new commander and Vernon Pearson was installed as adjutant by proxy.

The members discussed progress being made on the new Veterans Memorial Building. McIver, chairman of the building committee reported that a budget had been proposed to the board of supervisors to complete the structure and add furniture and other necessary appointments to make the building ready for use. The proposed budget, calling for approximately $4,000, was to be considered this month.

MANY ARRESTED, NO ACCIDENTS ON 4TH

Although thousands of cars passed through Truckee over the week-end of the Fourth, no serious accidents occurred, state highway patrolmen report. A long list of citations was issued and the local bastille was filled to capacity as the officers fought against accidents. It was one of the few holidays when traffic was congested that this lack of accidents was reported.

COUPLE WEDDED AT FALLEN LEAF CHAPEL

Miss Marcella Howard, a Woodland school teacher, and Howard G. Van Winkle of Redlands were married in the Chapel of St. Francis of the Mountains at Fallen Leaf Lodge on Lake Tahoe.

Miss Howard was attended by her sister, Mrs. Floyd A. Ebbinghausen, of Woodland. The best man was Elmer Niebuhr of Rdlands.

The ceremony was performed by Rev. James Grant of Santa Barbara.

The newlyweds plan to spend their honeymoon in the Lake Tahoe region and this fall will go to Redlands to make their home. Van Winkle is a science teacher in the junior high school there.

FONTANA ADDS NEW MACHINERY AT PLANT

Not content with keeping pace with some of the much larger centers, Al Fontana has just completed installation of more new and latest type equipment in Fontana's Laundry. A large stocking dryer is among the latest pieces of machinery added to the already complete establishment. A new steam ironer for pressing woolen materials has also been installed which will lower prices on these items for the patrons.

With 31 employes engaged in the industry, the plant last week reached its highest point of production since it was started.

ASKS PROBATION

After pleading guilty, Z. A. Beall, Truckee carpenter, charged with issuing a fictitious check, asked for probation in the court of Superior Judge George Jones in Nevada City. Jones referred the application to County Probation Officer A. W. McGagin for a report.

Heroic Efforts Fail To Save Two In Drowning

Bodies of Man and Boy Are Taken from Boca After Tragedy

A requiem mass was celebrated on Monday in the Immaculate Conception Church in Sacramento for Andrew J. Finnegan, 54, Sacramento city employe, and his nephew, Laurence Carroll Kearney, Jr., 7 of Sylvan Corners. Both were drowned last Thursday morning in the Boca reservoir.

Finnegan was buried in St. Joseph's cemetery following a military graveside rite conducted by the George W. Manhart Post of the American Legion. The boy was interred in Sylvan cemetery.

The double tragedy occurred when Laurence, accompanied by Finnegan and his young cousin, was wading along the rim of the reservoir and stepped into a hole. Finnegan rushed in after the boy and was on his way back to shore when he was stricken with a heart attack or exhaustion and sank.

Charles Swailes, 18-year-old Brooklyn, N. Y., CCC boy, who with other boys from the Boca CCC camp, rushed to the rescue, dove into the lake and brought the body of Finnegan to the surface. Peter Martinas, 23, of Hartwick, N. Y., rescued the body of the Kearney child. Considerable credit is due the young men in their valiant efforts to rescue the pair.

The diving was under the direction of Capt. John Hunter of Buffalo, N. Y., commander of the Boca camp. Dr. Arthur Holstien of New York City, a former life guard in the east, exhausted all efforts to revive Finnegan and young Kearney, assisted by Frank Cozzalio of Hirschdale and Dr. J. H. Bernard of Truckee.

A pulmotor was rushed from Reno by Kenneth Tate and Sam Salbini, members of the Reno Fire Department, but even this appartus failed. The two firemen made the 24-mile trip in 19 minutes, defying death to bet to the scene.

Several members of the CCC camp aided in the rescue work.

The tragedy occurred only three miles from the birthplace of Finnegan, a member of a prominent former local family, who was born at Martis Creek, where his father, the late Francis Finnegan, was employed.

Finnegan was employed in the Sacramento city park department and was an Americanization teacher in the night school there. During the World War of 1917-1918 he served in the 75th Field Artillery and was in two major offenses, following which he was with the army of occupation in Germany.

Laurence was the son of Mrs. L. C. Kearney of Sylvan Corners and a grandson of Mr. and Mrs. Frank F. Kearney of Truckee. Finnegan was a brother of Mrs. Frank Kearney and was well known in this district.

The W. H. Laity Funeral Home of Truckee handled the local arrangements.

NEW C. C. C. CAMP AT NEARBY MILL TOWN

Announcement was made yesterday by the Tahoe National Forest service that a company of 180 C. C. C. men has arrived at Hobart Mills to take the place of old Company 999 ,which has been disbanded.

Company 999 consisted of California youths and was located at Grass Valley with summer quarters at the old mill town. Members of this company have been distributed to other camps in the Tahoe area.

The new youths, is was stated, are from the 5th area corps which consists of Georgia and other southern states. They are at present receiving their medical examinations and preparing the Hobart Mills camp for the summer months.

TAHOE CITY, July 11— Dr. Ernest Orlando Lawrence, famed inventor of the cyclotron and winner of the Nobel prize in chemistry and physics, is vacationing at Homewood where he is resting from his arduous work at University of California.

"GO!"

On Monday the Democratic National Convention will meet in Chicago to formulate a platform and ticket for the nationla elections this year.

As soon as this convention comes to a close, the "Go" signal will be up on the greatest political campaign for many a decade. The Republicans are already at the post with their ticket and platform. The race will be hard and—it is to be hoped—cleanly fought. The G. O. P. has put up a formidable ticket but their is little doubt but that the Bourbon slate will be strong one too. President Roosevelt, the party strong man, has thus far remained silent on his own candidacy but whether or not he runs again, the Republicans should not be lulled into a false sense of security in their candidates' unquestioned strength. The Democratic Party has in Paul V. McNutt, James A. Farley, Burton K. Wheeler, William B. Bankhead and Sheridan Downey, men to measure up in a favorable degree to the Willkie-McNary slate. If the Republicans believe "it's in the bag" and acts accordingly, they'll be sadly disillusioned come November.

At any rate a battle of the ballots is on and it looks like a good tough scrap.

VANISHING FORESTS

This year it is not forest fires but war that is consuming the great majestic timberlands of the Pacific Northwest,bringing nearer by ten years the day on which the last stands of virgin Sitka spruce will be felled. At the present rate of cutting, say conservationists, the available supply of those towering 250-foot forest giants will be exhausted in less than 40 years. Because of its use in military training planes, the cutting of Sitka spruce has increased 50 per cent since the outbreak of war. The same story of increased cutting holds true of the Douglas Fir, whose virgin stands will probably not last more than 15 years. The fact that neither the fir nor spruce develops its best qualities until after 250 years of growth promises no early solution to the depletion of these timberlands. Today the boom is on, but the picture of tomorrow foretells a different story.

ALIENS MUST REGISTER

If you are an alien, an act just passed by Congress, and effective the end of August, requires you to report to your nearest post-office to register and to leave a record of your finger prints.

Unfortunately, a minority of this country's foreign born have abused the hospitality the United States has generously extended them. They have tken advantage of its good will to work against the nation's security and to engage in activities hostile to the general welfare. It is to protect the country against these anti-American activities that the Registration Act was passed.

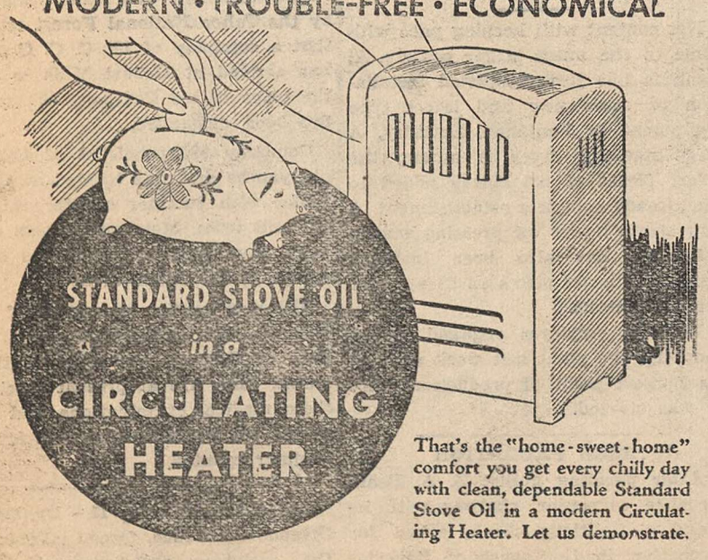
The great majority of the 3,500,000 aliens now in the United States are loyal to its institutions. It was, in fact, to find securit yand a happier life tha he bulk of hem sought sanctuary o nthese shores as did our forefathers, bringing with them a genuine enthusiasm for our land many Americans might well envy.

They will be helped, rather than hurt, by the new Registration Act. This measure will, on the one hand, enable Federal agencies to deal vigorously with disloyal aliens and, on the other, give the full protection of the law to the majority which earnestly desires to support America's traditions.

VALUE OF FORCED LOYALTY

Out in Wyoming six men and women of a religious sect were forced to "show their loyalty" by parading with big American flags. We wouldn't give you ten cents a ton for "loyalty forced in that manner.—The Republic Bulletin.

BETTER HEAT AT LOW COST—
MODERN • TROUBLE-FREE • ECONOMICAL



That's the "home-sweet-home" comfort you get every chilly day with clean, dependable Standard Stove Oil in a modern Circulating Heater. Let us demonstrate.

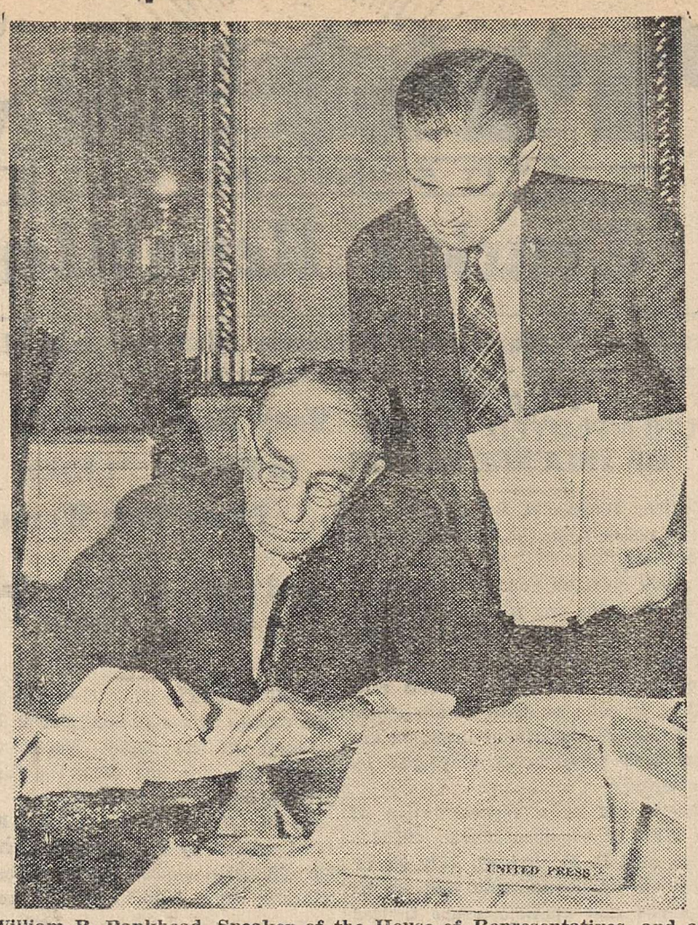
To Keynote Nation's Democrats



William B. Bankhead, Speaker of the House of Representatives, and an Alabama Democrat, will keynote the Democratic National convention, opening on July 15 in Chicago. Speaker Bankhead is here shown winding up the affairs of the House at a recent session by signing last minute bills. It is beleived that he has vice-presidential aspiration on a Roosevlet and Bankhead ticket. He is well thought of in most political circles.

Politically Speaking

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, July 11 —(U.P.)—The selection of Senator Charles McNary of Oregon to be the Republican vice-presidential running mate for Wendell Willkie may be the turning stone in a campaign by friends of Gov. Culbert Olson to boom him for the Democratic vice-presidential nod.

When the Republicans made a tie-up with a far-western man, the Democrats had a bolstered argument that the Bourbons might well employ the same strategy.

The Olson movement, while largely confined so far within the membership of the California delegation, has several advantages at this writing, outlined by his backers somewhat as follows:

1. The consistently cordial relations between President Roosevelt and the California governor, also is chairman of the California Roosevelt delegation. They see eye to eye on national affairs and Olson is FDR'S staunchest suporter in the West.

2. The carefully-planned itinerary and program for a caravan of state delegations to the Chicago convention. Oregon, Nevada, Washington and and California joined on Treasure Island on July 9, with Olson the main speaker on the radio. A luncheon in Salt Lake City the next day brought another Olson speech on the radio. With Utah and Colorado delegates in tow, a luncheon was held in Denver. Again with Olson speaking. At Omaha, a breakfast and rally with Olson again.

3. By arrival in Chicago, quite an Olson sentiment should be worked up (so they hope) to attract the attention of the convention.

Olson has taken no active interest in this quiet campaign. His friends cncede, too, that if President Roosevelt is nominated, which looks likely he will dictate his vice-presidential choice.

All is not clear sailing, what with Olson confronted with an incipient recall campaign, a crucial state election of assemblymen and senators, and a constant controversy over his relief policies. But Olson must be considered when nominees are under discussion.

Lieut-Gov. Ellis Patterson is given little chance by politicians, or his own backers for that matter, of being elected United States Senator. His stock has dwindled rapidly in recent weeks to the point where he might attempt something spectacular while acting as governor in the two-week absence of Culbert Olson from California.

While Olson is heading the California Democratic delegation to Chicago Patterson will be in full charge of the state, with full power to make appointments, issue pardons, commute prison sentences, make proclamations, or do anything else a governor can do.

Patterson has two dilemnas confronting him. As an admitted opportunist, he could probably uncork something to draw headlines to himself and put his name back on the front pages. But as a political candidate trying to worm his way back into the good graces of the national and state administrations, he may be forced to be prudent and be a good boy.

Olson can glock off most of the potential danger by making a flock of appointments to vacant positions, most of them non-salaried. He took a vacation last week to be able to check over his applications and give undisturbed reflection to job-seekers.

It is likely that Patterson realizes he may have gone a little too far in his dismal campaign during the presidential primaries. The party Democrats are not going to forget his anti-Roosevelt and anti-Olson statements in the heat of the campaign. So Patterson may just go through the motions of being governor and let well enough alone.

Only twice previously has Patterson had the privilege of being acting governor. One was the few hours two weks ago when Olson slipped into Oregon on his vacation trip. The first was whe nthe governor hurried to Portland for a week-end speaking engagement.

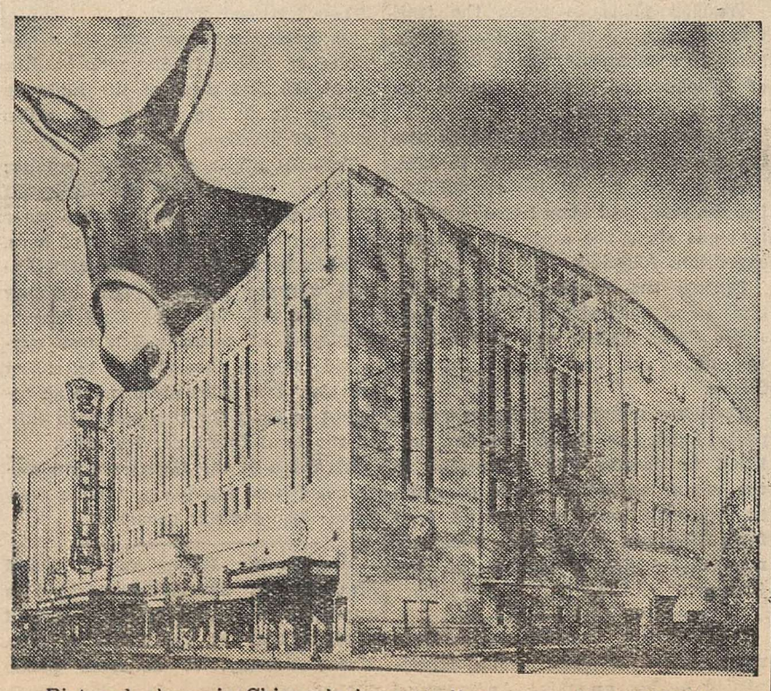
Laugh of the week came when opponents of Don Allen, anti-Olson Democrat, put up a rival named Allister Allan to nab top spot alphabetically on the ballot. Then they found he wasn't eligible because of a citizenship quirk and the candidate was disqualified.

Know Your AMERICA

(Ed. Note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.)

South of the Mason-Dixon line, the colonies were in contrast to the Puritan settlements of New England. Their church, the Anglican Church, did not have such harsh rule as the Puritan church, and the parish or county, not the town, was the unit of government. Deerskins from the interior, tobacco from the large plantations along the rivers, rice from the swamp lands near the coast, and pitch and tar from North Carolina were shipped to Englnad and the continental countries. And it was from the south tha tthe sons of wealthy planters left American shores for an education at Eton or Oxford in England.

Site of 1940 Democratic Convention



Pictured above is Chicago's huge stadium, site of the 1940 Democratic national convention, where 1,094 delegates from every state in the union will gather July 15 to nominate their party's presidential candidate.

OUR WEEKLY SERMON

by the late Rev. J. M. GRAY
(Moody Bible Institute of Chicago)

TEXT: Launch out into the deep and let down your nets for a draught—(Luke 5:4).

Jesus was by teh Sea of Galilee, and the people pressed upon Him, Two boats weer standing by the lake. Jesus entered into one, which was Simon Peter's, and asked him to thrust out a little from the shore, and He sat down and taught the people. It was when He had stopped speaking that He said to Simon, "Launch out into the deep, and let down your nets." Simon replied that he and his partners had toiled all night, and had taken nothing; but "nevertheless," said he, "at thy word I will let down the net." When they had done this they enclosed a great multitude of fishes, so that their nets broke. They beckoned to those who were in the other boat to come and help them, and soon both boats were filled.

The effect on Peter was an overwhelming conviction of his sinfulness and he cried, "Depart from me; for I am a sinful man, O Lord." But Jesus comforted his by sayinng: "Fear not; for henceforth thou shalt catch men." "And when they had brought their boats to land they forsook all, and followed him."

1. We learn from this chaming incident that Jesus is a good paymaster. He borrowed an empty fishing smack and repaid the owner by filling it with fish. On another occasion, addressing His disciples, He said: "There is no man that hath left house ,or brethern, or sisters, or father, or mother, or wife, or children, or land, for my sake, and the gospel's, but he shall receive an hundredfold now in this time; and in the world to come eternal life." In the present instance He seems to have been showing His disciples, and us as well, just what He meant by these words, and giving a demonstration of their truthfulness.

2. We learn also that Jesus is a wise counselor. He told these fishermen where to let down their nets for the most beneficial results. We all need advice every day in our business affairs, our domestic affairs, and countless other problems. Some go to clairvoyants, some to palmists and spiritualists fr such advice, but others who know Him go to the Lord their God. He has said, "The steps of a good man are ordered by the Lord."

3. We learn too, that Jesus is a great benefactor. They who were simply fishers of fish now became fishers of men. What would Peter have amounted to had he remained in Capernium? But what did he now become? Not only is his one of the three greatest names in the history of the Christian Church, but that same Lord and Master said to him and his fellow apostles, "Ye which nave followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel." There are corresponding promises for all who know the true God and His Son, Jesus Christ, and who serve and trust Him in the life of faith.

Seven times a man has received a minority of votes cast for president and been elected.

TAHOE REGION NEWSETTES

Mr. and Mrs. Lloyd Yeakel have been busy recently putting the finishing touches on the remodeling of their Lake Forest home.

Charles Hunter and Arthur Halswick are two local men who have been employed on the Downieville theater building which is being erected by N. R. Mayfield for V. C. Shattuck of Truckee.

Four generations celebrated the Fourth of July together when Mrs. Ethel Carter, Mr. and Mrs. James Fuller and Georgia Ann Fuller, all of Los Angeles, were the guests of Mr. and Mrs. Ed Wagner. Mrs. Carter, Mrs. Fuller and Georgia Ann are the daughter, grand daughter and great grand daughter, respectively, of Mrs. Wagner.

Miss Florence Vernon of Lakeview drive entertained at a birthday party on Tuesday honoring the natal day of her mother, Mrs. C. W. Vernon. Guests included Misses Marcella Walker, Jessica Grossman, Johnson, Martha Hedwick, Lillian Vernon and Bud and Gene Walker.

Other birthday parties during the past week were given in honor of Larry Darlin by his mother, Mrs. Otto Darlin, on Monday and for Bob Adam by his parents, Mr. and Mrs. R. Adam, on Sunday.

Mrs. Beverly Bank of Sequoia National Forest is spending the summer at the lakeshore home of her parents, Mr. and Mrs. George Holmes of Clarksburg, near Carnelian Bay.

Miss Helen Worden of Ward Creek is visiting friends in Sacramento this week.

Guests at the home of Dr. and Mrs. George H. Hinkle last week were Don Enfield and Stewart Bohn of Los Angeles.

Mr. and Mrs. Lee Kohn of San Francisco were guests at the home of Mr. and Mrs. Sam Goss at Lake street over the holiday week-end.

LAKE TAHOE NEWS

"NEWS & VIEWS ABOUT THE LAKE"

by ANNE B. ANDERSON

FISHING GOOD AT TAHOE WITH FINE CATCHES REPORTED

TAHOE CITY, July 11— Fishing continues better than any season for many years. Largest rainbow yet recroded here for the season was brought in by L. Triberti who pulled in a 10½ pound rainbow from the lakeshore pier near Sandy Beach Camp. Many catches of silver-sides and native trout are also recorded from the lake last week while golden trout were being brought in from Cup and Saucer Lake. At Emerald Bay a 19½ pound mackinaw was landed by Gene Trefreathen of Oakland.

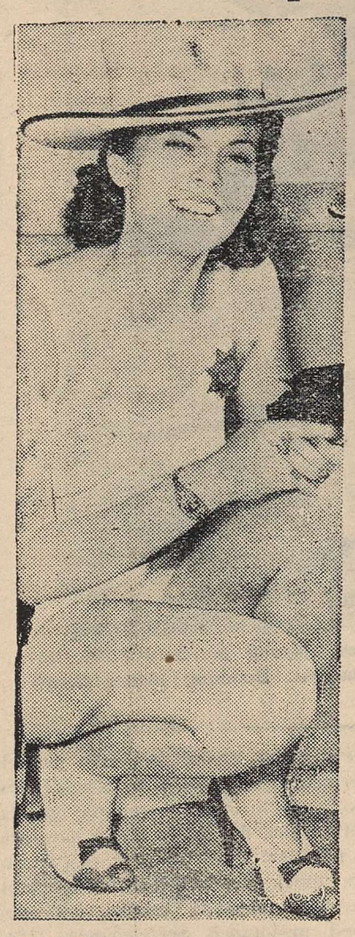
A fish planting horseback trip into Watson Lake on Monday was made by Miss Helen Towne, Patricia Henry, Gene and Bud Walker. This lake is inaccessible by car.

SKI CLUB DANCE

TAHOE CITY, July 11— Preparations for a huge barn dance to be given by the Tahoe Ski Club near Tahoe City on Saturday, July 27, are under way this week by a committee composed of Mrs. A. Hotel, Miss Ann Milton, Bud and Gene Walker. When final arrangements are completed, the affair gives promise of being almost the last word in barn dances.

Gene Rogers of Tahoe City and San Francisco is recovering from a recent operation in a San Francisco hospital.

Another Earp



TUCSON, Ariz.— Anabel Earp, Tucson beauty in a contest to select "Miss Arizona," has a better reason than most girls to tote a gun and wear a 10 gallon hat. She's a niece of Wyatt Earp, famous lat frontier marshall of Tombstone, Arizona.

ACCIDENT FATAL TO TWO TAHOE COOKS IN RENO ON FRIDAY

RENO, July 11— Lou Yet Fung and Hong Phick Yee, Chinese, are dead as the result of an automobile collision on the road south of Reno early last Friday morning. A third occupant, Louis Lung, is in a local hospital in a serious condition.

Coroner Harry Dunseath said the other car was driven by George Sanford, Jr., of Carson City, son of an attorney there.

The Chinese, all young men, are believed to have relatives in Sacramento. They have been working as cooks at Lake Tahoe. The Ross-Burke Undertaking company's mortuary took the bodies pending permanent disposition.

Miss Mary Louise Sanford of Tahoe Park returned last week from a convention of Pi Beta Phi in Southern California.

Joe Pomin of Oakland spent the holidays at the home of Mr. and Mrs. J. E. Pomin at Tahoe Pines.

Miss Virginia Wicking of Modesto is a guest at the home of Capt. and Mrs. J. Munfrey at Snug Harbor at Homewood this week.

Mrs. J. C. Kittle and family of Ross, Marin county, are occupying the Bullion home at Homewood for the season.

Mrs. Helen LaPlante and family of San Francisco have openede the Herbert Eloesser home at Sunnyside for the season.

Highways were thronged with motorists over the holiday week-end but no serious accidents near Tahoe City.

TAHOE VOLUNTEERS HOLD MEETING TO VIEW FOREST FILMS

TAHOE CITY, July 11— The regular meeting of the Tahoe City Volunteer Fire Department will be held at Tahoe Community Center on Thursday, June 11, at 8 P. M. Fire Chief A. M. Henry and Ranger Charles Arment of Tahoe Public Camp will present moving pictures of logging operations and other forest scenes.

Arment took the new fire pumper truck out last Friday to assist the fire-fighting crew from Truckee in extinquishing a small fire near Deep Creek on the Truckee-Tahoe highawy. Assumedly caused by a careless autoist-smoker, the blaze burned over an area approximately 1500 square yards.

NOTED EXPLORER TO AGAIN SUMMER AT TAHOE WITH WIFE

BROCKWAY, July 11— Lincoln Ellsworth, noted Antarctic explorer, with Mrs. Ellsworth have returned to Brockway again for the season. The far-famed explorer said that he plans to spend the summer climbing Mount Rose and other nearby peaks, as he did last year. He is considering another expedition to Little America in the winter of 1941.

Among other notables at Tahoe resorts this week were Nino Martini, Metropolitan opera tenor; Akim Tamiroff, Hollywood character actor, and Groucho Marx and family.

Maxie Baer, the ex-world's heavyweight boxing champion, is supposed to be at Al Tahoe this week to begin training for his proposed bout with Champion Joe Louis this fall.

WALLET MISSING

TAHOE CITY, July 11— Constable Harry Johanson is investigating the loss of a wallet containing $20 by a truck driver for one of the local creamery firms at a north end resort last week. The unlucky man allegedly placed his wallet on a counter and returned shortly to find it missing.

MEEKS BAY CLUB

TAHOE CITY, July 11— The Nimble Fingers Sewing Club of Meeks Bay meets every Friday afternoon to sew and work embroidered linens to be given to the H and W Philanthropic Club to sell at the Family Affair meeting in the fall for the benefit of the latter club.

MEEKS BAY WOOD WORKER INJURED IN FALL LAST FRIDAY

TAHOE CITY, July 11—A. E. Lake, elderly resident of Meeks Bay who is partially crippled, fell last Friday, striking his forehead on a grindstone, inflicting a severe gash and seriously injuring his right arm. Dr. G. Wine of Oakland, guest at the resort, attended the injured man. Lake, who is a descendent of Simon Lake, a famous inventor, is an expert wood carver and craftsman and though seriously handicapped, he makes his way around his home by an ingenious arrangement of overhead wires he has strung through the rooms.

Many examples of his handiwork grace the lakeshore homes of the summer residents.

LARGER TROUT BEING PLANTED IN STATE'S STREAMS BY BOARD

SAN FRANCISCO, July 11— Departing from its usual procedure, the California Division of Fish and Game is now planting larger game fish in the streams of the state. Trout being planted this year show a 50 per cent increase in weight over those released last year. This should result in a decreased fish mortality and will enable the fishermen to catch larger fish.

Warden W. O. Talbott, in charge of the fish planting crew working out of Bear Valley near Emigrant Gap, reports that his crew has planted 957,543 of these larger trout since the first of June.

At the Lake Almanor Hatchery trucks traveled 2753 miles during June to plant 230,000 rainbow, 113,500 eastern brook, 249,400 Loch Leven and 43,550 silver salmon.

In Inyo county 151,370 rainbow were planted in June from the Hot Creek Hatchery. These fish, although less than six months old, averaged nearly five inches in length.

NEW TRAIN NOW IN SERVICE ON S. F. TO CHICAGO SCHEDULE

The "Treasure Island Special," a new all-Pullman streamlined train, has just been placed in service on the Overland Route to provide additional de luxe accommodations between Chicago and San Francisco.

Operated jointly by Southern Pacific, Union Pacific and Chicago & North Western railroads, the new streamliner will make the round-trip every six days in conjunction with the "City of San Francisco" and the "Forty-Niner" to give super-speed service every second day on the San Francisco-Chicago run, it was announced by R. P. Bick, local agent for Southern Pacific.

"The Treasure Island" consists of six lightweight Pullman sleepers with room space only; a diner, lounge and observation car and a baggage car. Its appearance on the Overland Route was celebrated at inauguration ceremonies in San Francisco featuring Lila Deane, "Miss Treasure Island" of the Exposition, who greeted her railroad namesake.

OFFICIAL URGES ALL HUNTERS TO OBTAIN LICENSES AT ONCE

SACRAMENTO, July 11— A timely warning on the availability of hunting licenses and deer tags comes from H. R. Dunbar, chief of the bureau of licenses of the California division of fish and game. Recounting the experience of hundreds of hunters last yera who went to buy their licenses an dtags just a few days before the opening of the season, only to find their agent completely sold out, Dunbar urges all hunters to avoid a similar experience this year by getting their licenses and tags immediately. Deer season opens in the central coast counties on August first—less than three weeks away.

MORE TAHOE NEWS

TAHOE CENTER WILL ELECT HEADS JULY 15

TAHOE CITY, July 11— Tahoe Community Center will hold a business meeting and election of officers at the Community Hall on July 15 at 8 P. M.

The organization is having a drive for members. Funds raised will be used to reduce the indebtedness remaining against the building which now amounts to $1100. Built in 1938 at an approximate cost of $7,000, the structure has been a major asset to the region, functioning as it does as a civic center, with rooms for post office and library and a large club room where the Lake Tahoe Ski Club, Tahoe Women's Club, the volunteer fire department, as well as churches and Sunday schools hold their meetings.

When the building is fully paid for, accumulated funds will be used to develop the grounds and Tahoe Commons as well as the building itself.

RED CROSS IS STILL ACTIVE AT TAHOE

TAHOE CITY, July 11— Red Cross work is being carried on every Wednesday at Tahoe Community Center from 10 A. M. to 4 P. M. Much sewing and kintting is under way. Many of the summer residents have brought up War Relief work to do during vacation time. Anyone who would be interesting in helping should contact Mrs. A. P. Crist, vice-chairman, or Mrs. Matt Green or Mrs. E. C. Rogers

The level of Lake Tahoe on Monday, July 8, was 6228.24 feet with five gates open at the Truckee Dam outlet and 335 CSF of water leaving the lake. Temperatures on Sunday varied from a high of 81 degrees to a low of 47. No precipitation was recorded during the past week.

A meeting of the Lake Taohe Gun Club will be held at the Walker Ranch on the Truckee River Tuesday night to complete plans for a local pistol shoot sometime in August.

Mrs. M. George of Willows, an officer of the California Federated Women's Clubs, will be present at the Thursday meeting of the Tahoe Women's Club.

At a joint birthday party honoring Mrs. A. Hotel and Gene Walker on Monday night, about 40 guests took part in a campfire program at the Walker Ranch.

Mr. and Mrs. Don Gilmore of San Francisco are occupying one of the Nielson houses at Sunnyside for the season.

Miss Kay Parker of San Francisco is a guest at the home of her aunt, Mrs. C. B. Pedersen of Casa Sierra.

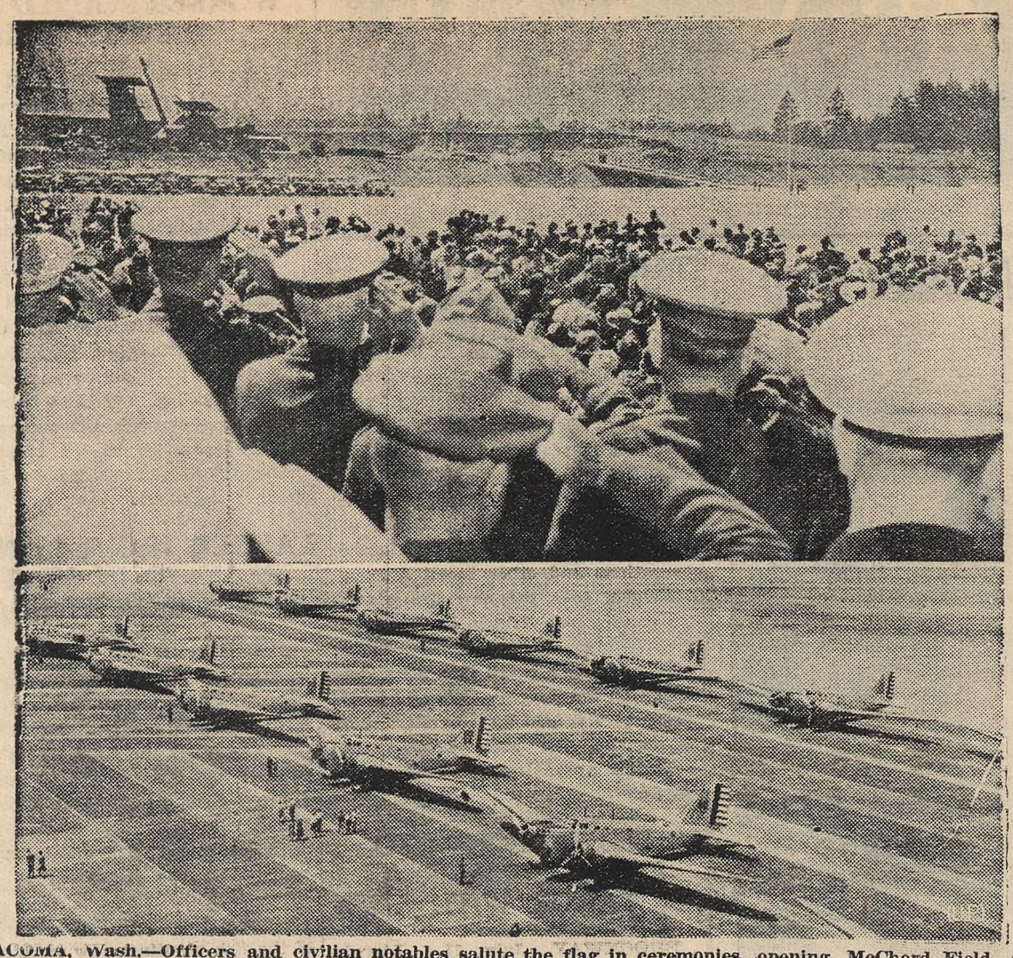
Uncle Sam Adds Air Base to Defenses



TACOMA, Wash.—Officers and civilian notables salute the flag in ceremonies opening McChord Field, the U. S. Army's new airbase, near Tacoma, Wash. Base is called the world's largest. Bombing planes shown here were transferred from California bases recently.

ASSOCIATED OIL HAS DEVELOPED NEW GAS

Development of a brand new gasoline, capable of satisfying the requirments of the most exacting motorist, was hailed today by M. C. Immer, local representative of Tide Water Associated Oil company, as he discussed the company's Finer Flying "A" Gasoline, recently introduced to the public.

"Actually, all of us in the oil business have known for some time that changes taking place in automobile engine construction would necessitate the development of a balanced motor fuel, capable of smoothness at every speed. Associated research engineers have been busy for months perfecting exactly the right blend to assure the quality of road performance demanded by motorists.

"Before Finer Flying "A" was introduced it was put through a series of exacting road tests to determine how it would react under all extremes. Cars were driven over the highest mountain passes in the west—then driven belo wsea-level; through blistering heat of the desert and through snow areas. Under these most severe tests, Finer Flying "A" gave perfect performances. This new gasoline answers each of the essential points with which drivers of motor cars are so familiar: Quick starting, fast warm up, quick acceleration (or prompt throttle response, power, mileage, road anti-knock performance, freedom from vapor lock.

"The secret of the road performance qualities in Finer Flying "A" lies in the fact that seven different gasoline have been blended scientifically to form this new product—gasolines produced by the following distinct refining processes: 1. straight run fractionation 2. thermal cracking 3. thermal reforming 4. polymerization 5. Alkylation 6. solvent refinement 7. natural gasoline extraction."

ILLITERACY IN STATE RAPIDLY INCREASING

SACRAMENTO, July 11 —(U.P)— Because of the veer-growing influx of people from other states, California's illiterate adult population has increased to 125,000, of which only 30,000 are studying to overocme their handicaps, George C. Mann, chief of the division of adult education, said today.

Although California has had one of the best literacy and Americanization programs in the United States, this trend continues, he said.

On a percentage basis, Mann said, California ranks 29th among the states in illiteracy. Although California has made heroic efofrts to reduce illiteracy percentage as fast as other states, illierates have come into the state almost as fast as they have been trained.

The program, now in effect in California, is geared to offer practical instructio nto almost all who apply, regardless f age or previous educational opportunities.

BILLION DOLLAR INDUSTRY

Production of chickens and eggs now accounts for a billion dollar share f America's annual farm income.

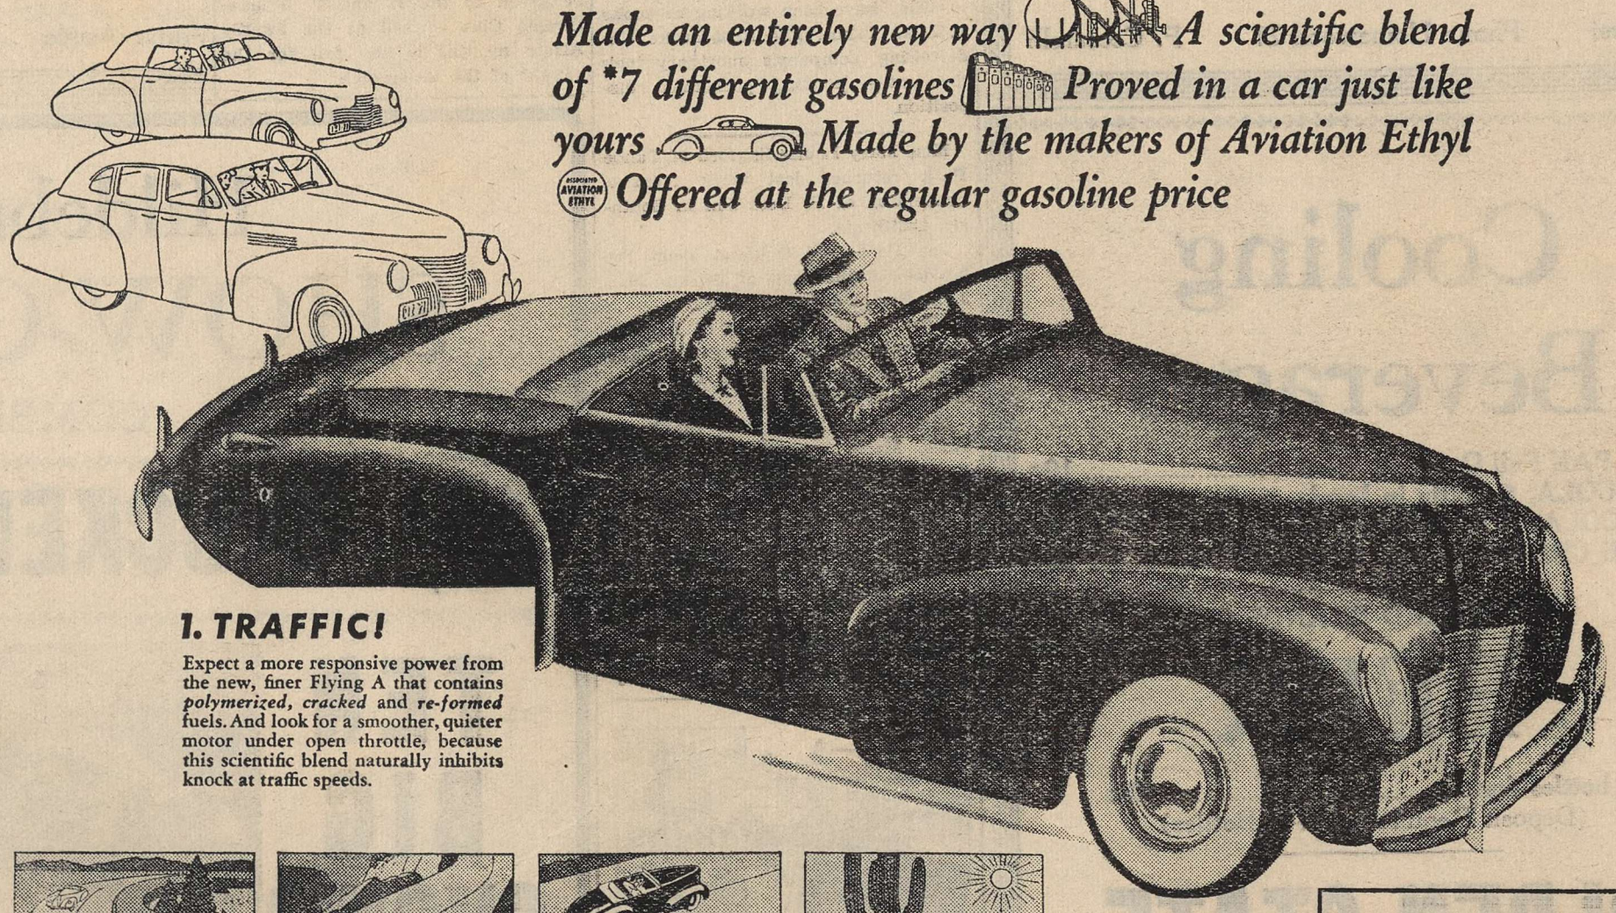
Finer FLYING A
SMOOTH AT EVERY SPEED

Made an entirely new way — *A scientific blend of *7 different gasolines* — *Proved in a car just like yours* — *Made by the makers of Aviation Ethyl* — *Offered at the regular gasoline price*



1. TRAFFIC!
Expect a more responsive power from the new, finer Flying A that contains *polymerized, cracked* and *re-formed* fuels. And look for a smoother, quieter motor under open throttle, because this scientific blend naturally inhibits knock at traffic speeds.

2. HIGHWAY!
Purr along with a finer, blended gasoline. The addition of *alkylated* and *straight-run* fuels to Flying A assures you of new smoothness at higher speeds, new thrills on the open road.

3. HILLS!
Open your throttle and feel a smoother, sturdier surge of climbing power. Low octane fractions have been cut out and added to Flying A as a *re-formed* gasoline that is rich in anti-knock.

4. PASSING!
Thrill to the superior getaway of finer Flying A. That's because it contains a *natural* gasoline of lightning volatility, smoothly counter-balanced by high octane *polymerized* gasoline.

5. HEAT!
Flying A is now stabilized by a brand new *solvent-refined* gasoline, the high anti-knock quality of which is unaffected by heat, keeping your motor smooth at higher temperatures.

FINER THAN ANY ONE of these 7 great gasolines is this scientific blend. While it has been tested on the road and proved *as advertised* in all recent models of all popular make automobiles, we invite you to make your own tests of the new Flying A. It's smooth not just at 40, not just at 20—*but at every speed on your dial.* You be the judge!

Look for finer Flying A wherever you drive in the West. Try a tankful today—for *smoothness at every speed!*

TIDE WATER ASSOCIATED OIL COMPANY

***7 GASOLINES IN ONE**

The following are the principal gasolines blended to create the new, finer Flying A. These fuels, in combination with still other choice petroleum fractions, give you *full power, full mileage* and *smoothness at every speed.*

1 POLYMERIZED GASOLINE
2 ALKYLATED GASOLINE
3 RE-FORMED GASOLINE
4 SOLVENT-REFINED GASOLINE
5 CRACKED GASOLINE
6 NATURAL GASOLINE
7 STRAIGHT-RUN GASOLINE

SMOOTH AT EVERY SPEED

LONE VIOLATOR OF FIRE WORKS BAN IS ARRESTED AT CISCO

H. E. Smith, 3060 Second street, Sacramento, was arrested by District Ranger John Hodgson at Cisco July 4th for shooting fire crackers within the Tahoe National Forest, according to report from the office of Guerdon Ellis, forest supervisor. This is the nly violation reported to the Nevada City headquarters, according to Ellis.

Hodgson states that there was more congestion in the campgrounds and more traffic on Highway 40 by his station than on any Fourth of July for the past five years. Campground facilities were taxed to the limit, some of the stoves being used by three families. There were 45 cars at Grouse Ridge on the Fourth, twice the number ordinarily parked there.

TAHOE COMMUNITY HALL 11 A.M.

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, July 14, on the subject "Sacrament."

The Golden Text will be: "The hour cometh, and now is, when the Father in spirit and in truth: for the Father seeketh such to worship him" (John 4:23).

The Circus is in Truckee

A program of diversified entertainment includes Capt. Bill Foix and his nine lions and two pumas in a death defying act of nerve and daring. This act was imported from war-torn Europe for the 1940 season and has never before been exhibited on the Western Continent. This and many other acts are features of Hildegrand's Circus now showing on the Costa lot back of the Justice court, under the auspices of the Truckee Volunteer Fire Department

The U. S. Department of Agriculture has made successful tests of fireproofing of cotton.

One of the world's largest quicksilver mines, located in San Benito county, was sold recently.

Fresno county's 1940 cotton acreage—77,000 acres—is the largest on record.

The San Joaquin Valley 1939 raisin crop has been virtually cleared by an additional purchase of 12,000 tons by the Federal Surplus Commodities Corporation.

Work has started on a three-year project in Siskiyou county calling for the construction of 36 miles of dikes along Lower Klamath Lake.

The Man At The Keyhole

by OPERATIVE WB

Maxie Baer, the playboy of the prize ring, who pinned Tony Galento's ears back last week (much to everybody's astonishment), still has one pal, at least, who thinks he will knock Joe Louis kicking when, and if, they meet again. Ancil Hoffman, Maxie's manager, who used to run Hoffman's Bar in Sacramento before he discovered the Livermore question mark, is betting real money that Baer will go down in history as the champ who came back.

Since Wendell Willkie copped the Republican nomination, 12 persons have changed their registrations in California from other parties to Republican for every 5 changing to Democratic, according to a snap tally of county clerks' tabulations. Now isn't that something; it looks like the old G.O.P. elephant may be back in the parade again.

Jess Hession, Jr., the towering son of Deputy Attorney General Jess Hession, is a serious, ambitious young man, who knows sales technique—and is earnestly determined to become one of America's crack salesmen. But like his illustrious pop, he's also gifted and versatile, an during a lull in the selling business he hired out to a San Francisco night club doing a comedy act called "Casey At the Bat." Sad part of it all is that the act clicked beautifully and offers rolled in—and bewildered Jess, Jr., still wants to be a salesman.

Contribute to the Red Cross

FIRE PROTECTION IN TAHOE FOREST COSTS TEN CENTS AN ACRE

It cost 10 cents an acre annually for the Forest Service to protect all lands within the Tahoe National Forest over the past ten year period, according to statistics recently released by Ernest L. Baxter in charge of fire control for the forest. This covers all fire activities, not only suppression, but fire prevention activities and the maintenance of the organizations during the fire season. The statistics show an annual average of 93 man-caused fires. By concentrating more effort on fire prevention, chiefly in the form of vigorous enforcement against fire violators and education of the public in care with fire, Baxter expects to cut the number of man-caused fires down and at the same time the cost per acre for protection.

SAFETY FIRST
Almost anyone can install electrical wiring and electrical appartus so that they will work after a fashion. But to install them so that the greatest degree of safety will be assured, that their mechanical perfection will be realized and that the instllaton will be forever free form constant tinkering is another matter.
And that brings up the matter of doing electrical work in a "maybe-or-may-be-not" fashion by yourself or having it done by an expert electrician. Each year the National Board of Fire Underwriters add up thou sands and thousands of dollars, needlessly destroyed by fire through well meaning but incompetent workmanship of amatuer electricians. Is your home, your most valued possession, worth gambling against the few dollars charged by the master electrcian or the chances of fire through amatuerish workmanship?

IN THE SUPERIOR COURT OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

No. 4070 NOTICE OF TIME SET FOR HEARING PETITION FOR PROBATE OF WILL AND FOR SETTING ASIDE ESTATE WITHOUT ADMINISTRATION

In the matter of the Estate of J. B. MAXSOM, also known as Jess B. Maxsom, Deceased.

NOTICE IS HEREBY GIVEN that a petition for the probate of the will of J. B. Maxsom, deceased, and for the issuance to Cora E. Maxsom of letters testamentary has been filed in this court, and that Friday, the 2nd day of August, 1940, at ten o'clock A. M. of said day, at the Court Room of said Court, at the Court House in the City of Nevada, County of Nevada, State of California, has been set for the hearing of said petition, at which time and place all persons interested in said estate are notified to appear and contest the same, if they choose. A prayer for setting aside the estate to the widow of the desceased is included in said petition.
DATED: July 9th, 1940
